2. SEND PICTURES

You've got my permission to copy & paste these eBook pictures. *Send on separate days to keep the excitement on everyone's mind to strengthens memories.* Whether you choose email, texting, FB message or other ways to connect, we've included words for those of us who get writer's block.

4. CARPOOL

There is something about riding together that brings relationships closer together. Grab a time to meet up.

Farm Fun Activities

GIANT SLIDE

Take in the Fall beauty from atop the two-story hill. It will take your breath away as you slide to the bottom and take in some much-needed fresh air.

DUCK RACES

Want to meet up with your girlfriends for a relaxing time? Use this duck race to inspire a challenge at the water pumps.

HAYRIDE & PUMPKIN CANNON

The pumpkin cannon will shoot off in the back pasture, where you'll see behind the scenes. So, sit back and let the wind blow through your hair on the hayride. We'll arrive back in 20 minutes.

Farm Fun Activities

GOAT WALK

You'll forget that the laundry is piled up and the trash needs taken out when you watch the antics of the goats who walk the planks for food.

CORN BARN

Desire to find the right place to toss your shoes off and relax? We invite you to hop into the corn barn. You'll feel like a carefree kid again.

STEER ROPING

Escape from the norm. Mount a horse and play cowboy with a hooped lasso. You can say, you "grabbed the steer by the horns" for the day.

PIG RACE TIMES

Afraid you or some of your friends can't keep up with all the activities? Pig races are just the right place where you can sit for a while and enjoy the show. They'll run every two hours.

Farm Fun Activities

GERBIL WHEEL

Become a part of the farm. You can either push or roll. There's plenty of time to roll around on the grass with these field tiles without cleaning up all the grass stains afterwards.

TUNNEL FUN

Connect with the others. Explore a short tunnel to create smiles that run from ear to ear. A favorite pastime our kids enjoyed with their friends well into their teen years.

CORN MAZE

Test your skills and knowledge as you travel the maze. Make it last from 10-45 minutes. If you want to take your time, answer all the trivia. But if you want to make it quicker, just look at the design to find a shorter way out.

PEDAL CARTS

A need for speed and a competitive spirit can be found at the track. Adults and children hurry around the terrain of the track to test their skills!
